Hi Dee,

The permits I have in process are:

Northern Border CS#2 – With Darcy after making her suggested edits

XTO Wild Horse Bench – With Callie now that Carl has signed off and said not to wait for redelegation.

XTO RBU 11-18F - With Callie now that Carl has signed off and said not to wait for redelegation.

Let me know if you need any more detail on any of these, but hopefully they will be able to start public comment period in a few weeks!

Thanks,

-Stuart

Hi Stuart,

Thanks for the information. Could you also please provide a status of the permits you were

working on/routing? I have lost track. Take care, Dee

Hi Dee,

Here is my report for this week. Thanks!

-

Week of 8/24/2015

- Performed state by state control technology comparison for U&O FIP.
- Modified XTO permits to reflect the change in Tribal leadership at U&O.
- Application review for Elm Ridge's Ignacio Gas Treating plant permit for Southern Ute.
- Attended AWMA seminar on Clean Power Plan this Thursday at National Park Service.

Upcoming activities, Week of 8/31/2015

- Continue to develop state by state control technology comparison for U&O FIP.
- Uinta Basin check in meeting to develop FIP.
- Crossfire Bonds gravel pit conference call with SU to discuss PM modelling concerns.
